PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on January 22, 2007.

1. For the services involved in this dispute, the respondent reduced or denied payment with reason code:
 - 45-Contract/Legislated fee arrangement exceeded.
 - 510-Payment determined.
 - 500-Reimbursement amount based on U&C allowance.
 - W10-Payment based on fair & reasonable methodology.
2. This dispute relates to outpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.1, effective May 16, 2002, 27 TexReg 4047, which requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable

rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."

3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. Division rule at 28 TAC §133.307(c)(2)(B), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include "a copy of each explanation of benefits (EOB)... relevant to the fee dispute or, if no EOB was received, convincing documentation providing evidence of carrier receipt of the request for an EOB." Review of the documentation submitted by the requestor finds that the requestor has not provided a copy of the EOB detailing the insurance carrier's response to the request for reconsideration. Nor has the requestor provided evidence of carrier receipt of the request for an EOB. The requestor has therefore failed to complete the required sections of the request in the form and manner prescribed under Division rule at 28 TAC §133.307(c)(2)(B).
5. Division rule at 28 TAC §133.307(c)(2)(C), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include "the form DWC-60 table listing the specific disputed health care and charges in the form and manner prescribed by the Division." Review of the documentation submitted by the requestor finds that the requestor has indicated that the amount billed for the services in dispute is the total for all services charged on the hospital bill; however the documentation does not support that all of the services in dispute were rendered on the date of service listed on the requestor's *Table of Disputed Services*. The requestor listed the disputed date of service as 3/31/06 on the *Table*; the total charges on the bill were for date of service 3/29/06, 3/31/06 and 4/1/06. The requestor has therefore failed to complete the required sections of the request in the form and manner prescribed under Division rule at 28 TAC §133.307(c)(2)(C).
6. Division rule at 28 TAC §133.307(c)(2)(E), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include "a copy of all applicable medical records specific to the dates of service in dispute." Review of the documentation submitted by the requestor finds that the requestor has not provided medical records to support the services in dispute. The requestor has therefore failed to complete the required sections of the request in the form and manner prescribed under Division rule at 28 TAC §133.307(c)(2)(E).
7. Division rule at 28 TAC §133.307(c)(2)(F)(iii), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include a position statement of the disputed issue(s) that shall include "how the Labor Code, Division rules, and fee guidelines impact the disputed fee issues." Review of the submitted documentation finds that the requestor has not discussed how the Labor Code, Division rules and fee guidelines impact the disputed fee issues. The requestor has therefore failed to complete the required sections of the request in the form and manner prescribed under Division rule at 28 TAC §133.307(c)(2)(F)(iii).
8. Division rule at 28 TAC §133.307(c)(2)(F)(iv), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include a position statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the requestor's documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The requestor has therefore failed to complete the required sections of the request in the form and manner prescribed by Division rule at 28 TAC §133.307(c)(2)(F)(iv).
9. Division rule at 28 TAC §133.307(c)(2)(G), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable." Review of the submitted documentation finds that:
 - The requestor's position statement states that "Understanding that TWCC is wanting to move to a hospital reimbursement of a %-over-Medicare, we have used that methodology in our calculation of fair and reasonable. Medicare would have reimbursed the provider at the base APC rate of \$2,592.03. Allowing this at 140% would yield a fair and reasonable allowance of \$3,628.84. Based on your payment of \$2,263.56 a supplemental payment is still due."
 - The requestor does not discuss or explain how payment of 140% over Medicare would result in a fair and reasonable reimbursement.
 - The requestor did not discuss or explain how payment of the requested amount would ensure the quality of medical care, achieve effective medical cost control, provide for payment that is not in excess of a fee charged for similar treatment of an injured individual of an equivalent standard of living, consider the increased security of payment, or otherwise satisfy the requirements of Texas Labor Code §413.011(d) or Division rule at 28 TAC §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the

requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

10. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307(c)(2)(B), §133.307(c)(2)(C), §133.307(c)(2)(E), §133.307(c)(2)(F)(iii), §133.307(c)(2)(F)(iv) and §133.307(c)(2)(G). The Division further concludes that the requestor failed to meet its burden of proof to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
